

work to bricks rather than dimensions

chimney detail
McOMISH HOUSE

design Alistair Knox & Assoc.
august 1986 drw 1255 Danny

notes

- footings as per engineers drawings.
- check all dimensions on site.
- use waterproof mortar to cap chimney and grade away from flues.
- if study is to be carpeted then a hearth is required. 350 mm (1 1/2 bricks) wide.

steel lintels

- 2700 mm span. max. - 102 mm x 102 mm x 10 mm.
- lintel on an angle to be mitrecut & butt welded.
- end bearing 100 mm.
