

PARK PARADE • MEDIANS

EXISTING PLANTING

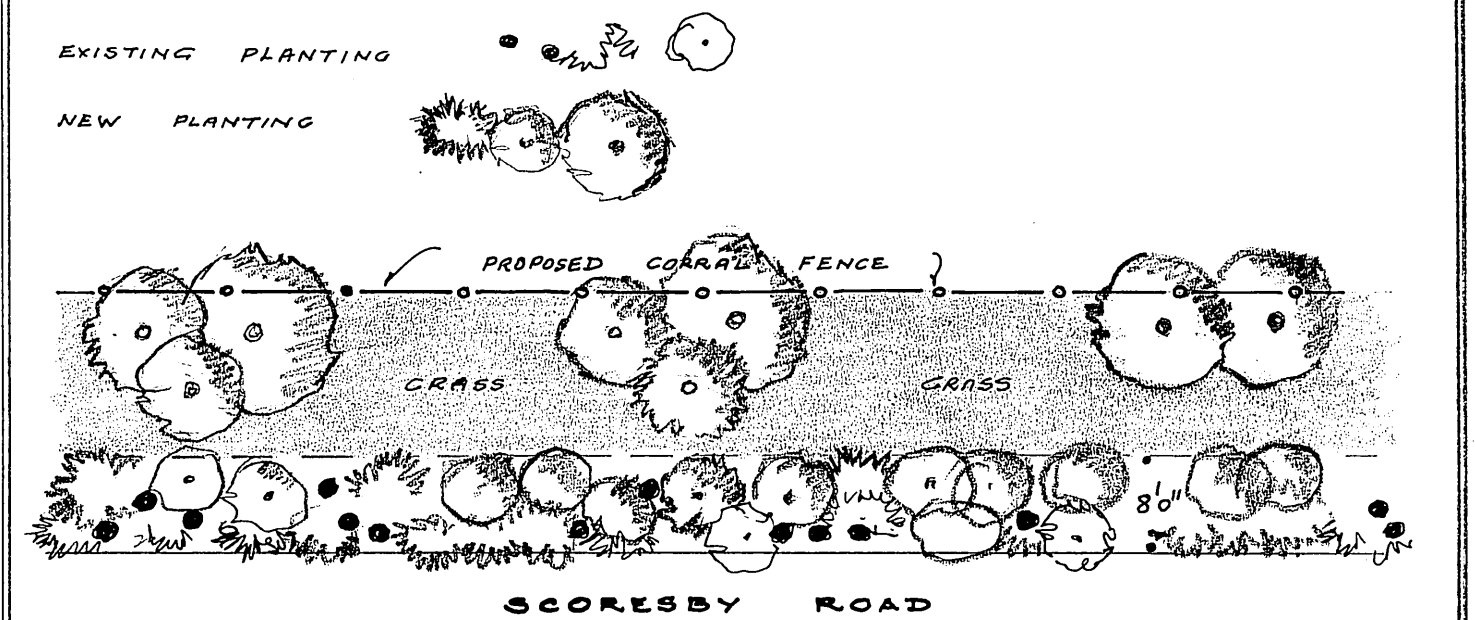

- EUCALYPTUS
- PINUS
- ACACIA

NEW PLANTING

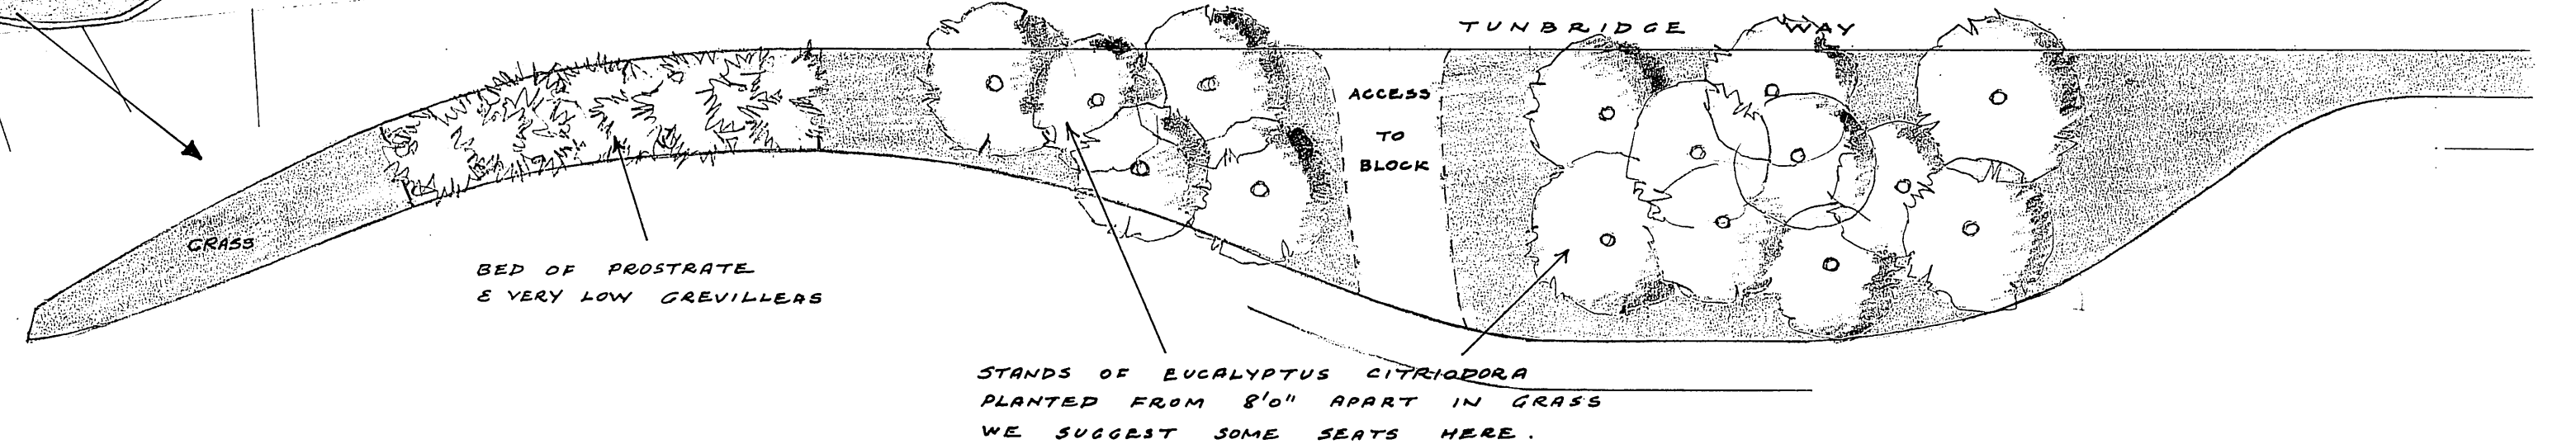

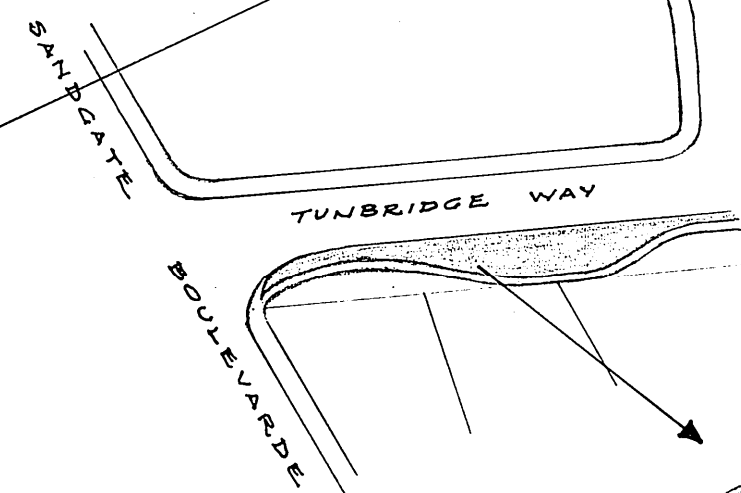

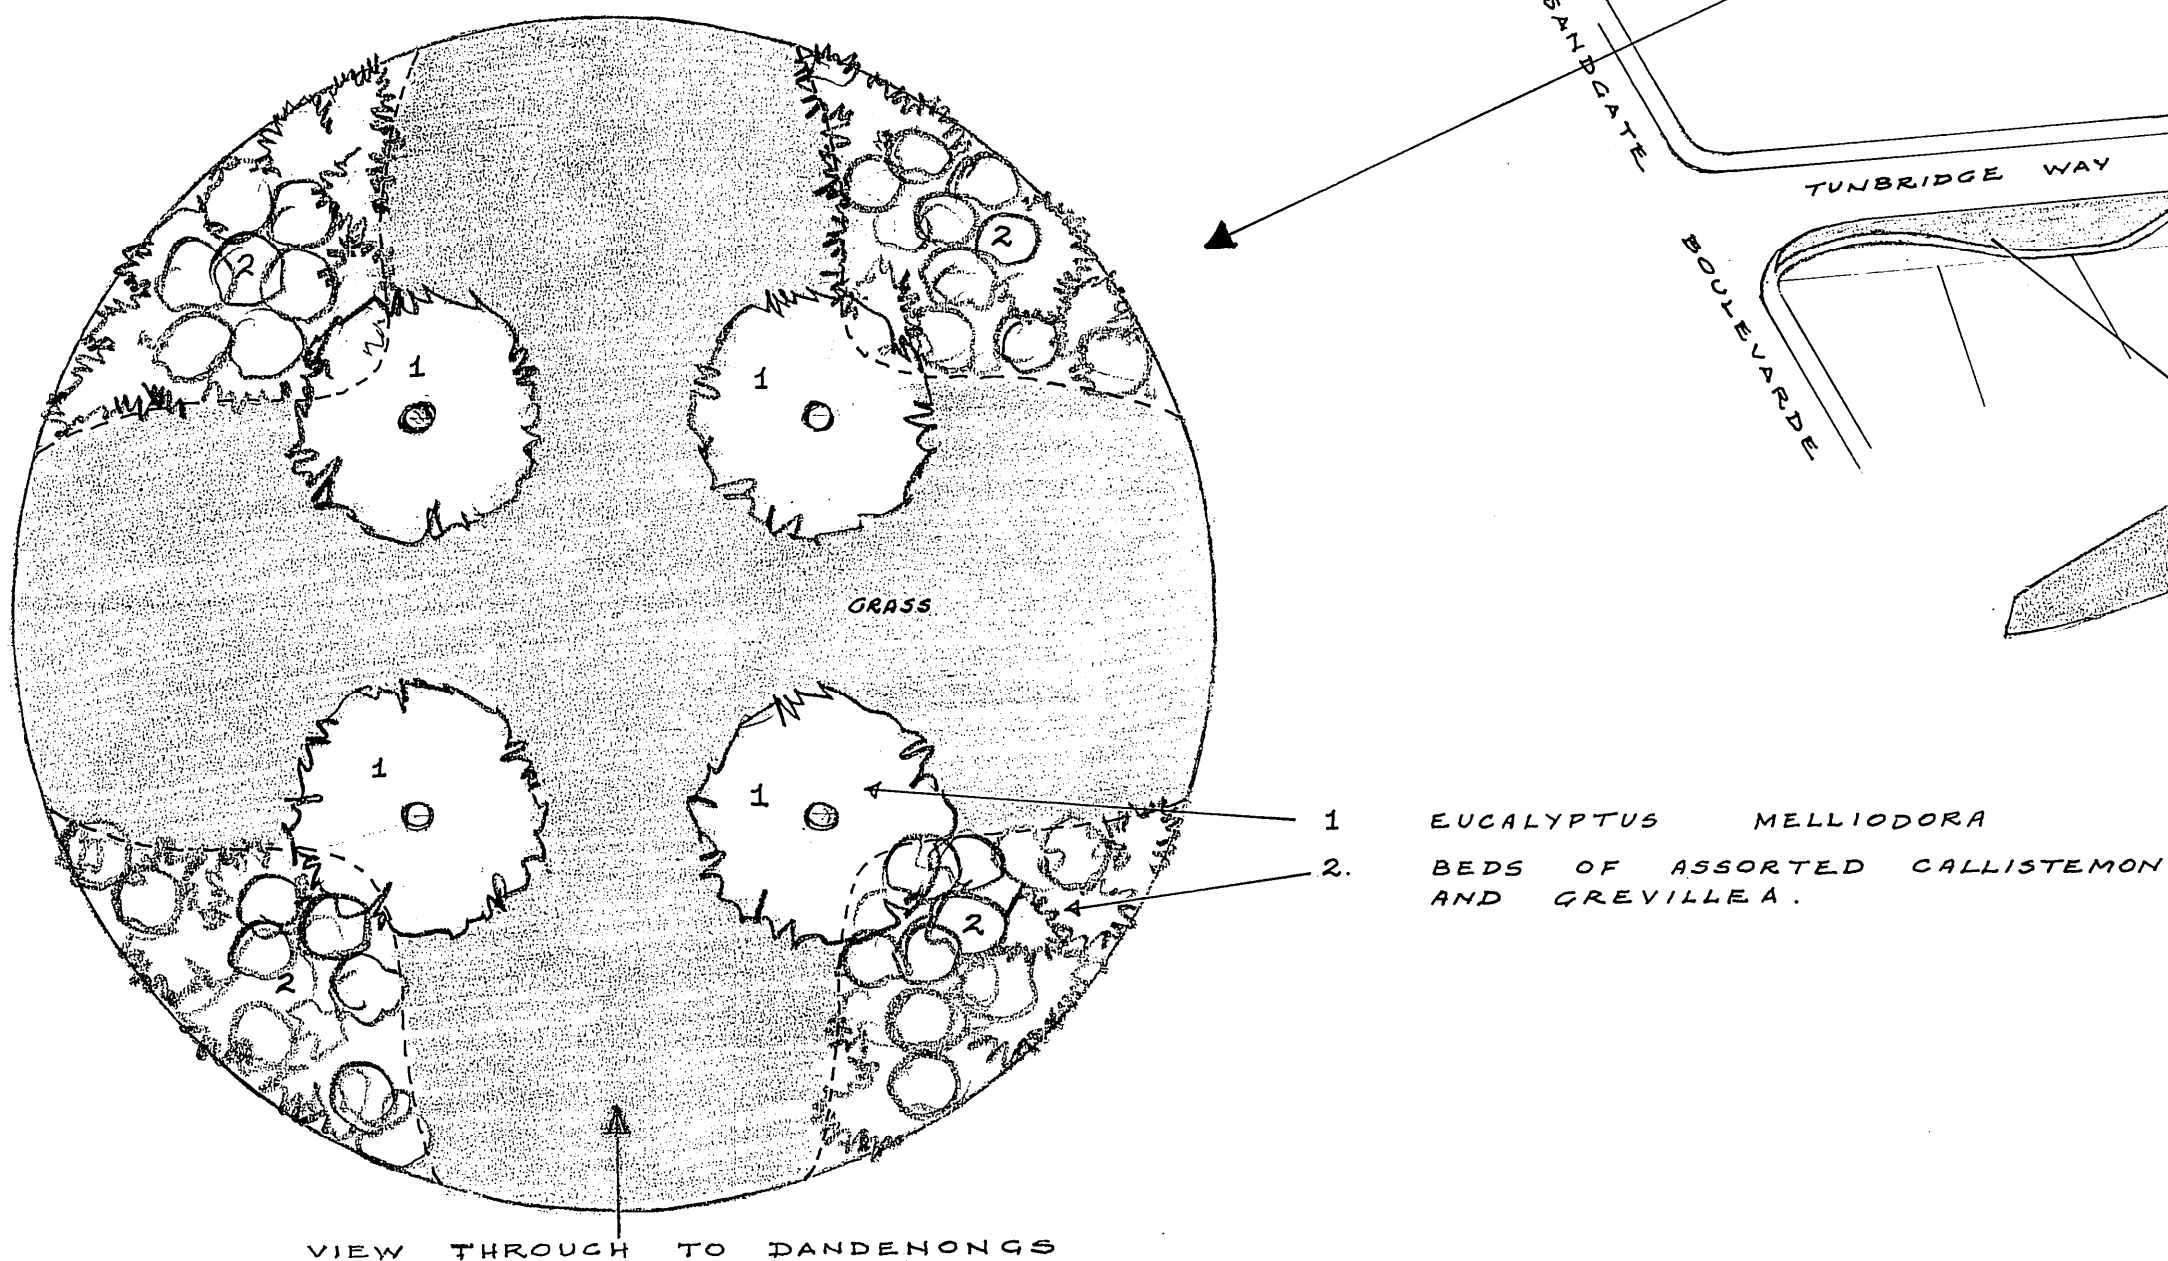

- | | | |
|---|------------|-----------------------|
| 1 | EUCALYPTUS | RUBIDA |
| 2 | CASUARINA | LITTORALIS or STRICTA |
| 3 | ACACIA | IMPLEXA |
| 4 | ACACIA | LONGIFOLIA |

CONTINUED

TYPICAL 100'0" LENGTH OF TREE RESERVE ALONG SCORESBY RD. WE SUGGEST AN 8'0" STRIP ON ROADSIDE BE PLANTED THICKLY WITH ACACIA ARMATA, ACACIA LONGIFOLIA & PITTOSPORUM UNDULATUM. THIS STRIP ONCE PLANTED WOULD NEED NO MAINTENANCE. THIS PLANTING WOULD BE AMONGST EXISTING PLANTING AND TO FILL GAPS. ALONG THE EAST SIDE OF THE RESERVE CLUMPS OF EUCALYPTUS RADIATA & ACACIA MELANOXYLON TO BE PLANTED AT 25'0" INTERVALS. THE REMAINING AREA TO BE LEFT GRASSED, WHICH WOULD NEED CUTTING IN SPRING ONLY.

CITY OF KNOX • KENT PARK ESTATE. PLANTING PROPOSALS

ALISTAIR KNOX & PETER GLASS • A.A.I.L.A. DESIGNERS. SCALE 1" = 16'0" JUNE 1970.
